

Present EMS Home

503 E. Highland Ave., Chelan

Since the sale of the old hospital building at 503 E Highland Ave in Chelan, Lake Chelan Health EMS has been leasing space from the new property owners. EMS presently resides in the double stacked modular building, which previously housed the hospital/clinic business office, accounts payable, payroll and human resources departments.

EMS also leases the three-bay garage that houses three ambulances.

Top Floor includes:

- EMS shared living space
- Sleep rooms for on-shift staff
- Bathrooms/showers

Bottom Floor:

- EMS office spaces
- Equipment storage
- Staff training/community CPR/First Aid & AED training

2026 EMS Home

Designed by Forte Architects, Inc.

General Contractor: Graham Construction & Management, Inc.

The new facility that will be located on the Lake Chelan Health Hospital property will provide EMS emergency responders with a permanent home featuring:

- EMS shared indoor/outdoor living spaces
- Office spaces
- Sleep rooms and bathrooms for on-shift staff
- Ambulance garage
- Dedicated training areas for both staff and community education

Lake Chelan Health Hospital (New EMS Station Coming 2026)
